President’s Report

by Richard Cecil, President MWR

Hail & Farewell

This will be my last column as your president and the shortest. Of all the positions that I have held during the last 30 years, this has been the best by far. It’s been a helluva great ride. And to those of you who urged and pushed, in some cases, me into running, my sincerest thanks. Wouldn’t have missed it for the world.

On January 30, I completed my promise to visit every Division during my tenure. I visited the Central Indiana Div. In Noblesville, Indiana, where I took office four years ago. Guess you could say I went “Home to Indiana”. It was a delightful, if not snowy, trip. I went with Barbara and Alexis instead of the

usual entourage. We all had a good time and I got to do a little train chasing.

There are a few unfinished tasks that I will continue to pursue. Gaining tax exempt status and trying to make sense out of the NMRA reorganization. I must commend both Bert Lattan, who has indicated that he will continue to serve as secretary ‘til the reorganization is done, and Ron Scharping, who has already put in countless hours on that task.

I hope that I have made some improvements to the Region, and left a sufficient legacy upon which my successor can further strengthen it. I want to thank the members of the Board of Directors with whom I shared this wild ride, and to the many members I have met with during my Divisional Odyssey. But most of all, I must thank my wife Barbara for giving me the time to do it all, and Alexis for sharing her father.

Trustee's Report

As MWR Trustee I attended the mid-year meeting of the Board of Trustees held in Phoenix on Jan 13 thru 16. This was the last BOT meeting to be held. One might ask, "Why did you have to go to Phoenix to meet?" Well, as I headed to the airport in Milwaukee at 6:00 am, the radio announcer said that the current temperature was 32 and that would be the high for the next few days. Well the temperature in Phoenix was about 70, so Phoenix sounded a lot better than Milwaukee! The temperature really didn't make much of a difference, as it turned out, since the meetings, which were indoors, lasted all day. We would only have a few minutes outside during a break or at lunch time.

Attendees were from all over the world... Australia, England, Sweden, Canada and the U.S. I got to meet two of the newest department heads: Marketing, Advertising, and Promotions (MAP) Director, Dave Burman, and Publications (Pubs) Director, Larry deYoung. Both men are really energetic, and sound like they are up to any challenge. Part of the responsibilities of Director deYoung will be to separate the Bulletin and Scale Rails. The BOT came up with a list that the Bulletin should contain.

Along with the Trustees and Officers, some of the members in attendance were: Education Director, Jan Wescott, Administrative Director, Jenny Henricks, Membership Promotions Director, Clark Kooning, Meetings & Trade Shows (MTS) Director, Henry Jordan, Development (Dev) Director, Allen Pollock, Technical Director, Rutger Friberg

and Membership Services (MS) Director, Ben Pearlman.

A question came up as to how the regions are changing their constitution and by-law to come in line with the NMRA new regulations. Bert Lattan and Richard Cecil are working on the MWR changes. Some of the regions are falling behind and need to come in line.

Most of the changes we voted on were minor clarifications of what were proposed at the annual meeting. As a cost saving measure the Australian and British regions and Canada will assume all administrative responsibilities for their members. Each of these areas will remit to the NMRA a pro rata share for each member. Affiliate and Life membership will no longer be available. Existing life memberships will continue to exist. Member dues will be \$33. All members will receive the Bulletin. Subscriptions to Scale Rails will be \$12. Regions will receive an allocation based on dues-paying members.

If you need more information or an explanation e-mail me, Reid Kahrs at rkahrs@charter.net or call at 262-628-8489.

Don't forget to send in your registration for the Spring MWR Convention, to be held in Fitchburg (Madison), WI, April 22-24, 2005.

Division Schedule

Calumet Division:

Contact: Al Kamm Jr
(815)469-2917

Date: March 12, 2005

Location: Lyons Township High School
2426 W Cochran St

CID CD Flyer

The first ever **CID CD** has been created. This is available **free** to any **CID** member by simply showing your **NMRA** membership card at a **MEET**. Anyone living outside of the drive time to the Meet areas may request one by mail or e-mail from the **Chief Clerk** or **Rusty Spike Editor** (see [CID Info page](#) for addresses). Be sure to include your name and address and **NMRA** membership number. Non **NMRA** members may purchase one at Meets for \$5.00. It is also available to anyone joining the **NMRA** at one of our Meets or at our booth at **GATS** shows.

Any interesting railfanning, or layouts you've seen lately?

Have you gotten your AP award for author yet?

Here's your chance to put the two of them together, and provide an article for the Waybill.

Check the Waybill deadline in the next column, so you'll have plenty of time to send in your article for the next Waybill.

Remember, if you can write an article, you shouldn't be afraid of a little more paper work, to get those AP points.

Waybill Schedule

Waybill current schedule:

Fall (September, October, November)
Winter (December, January, February)
Spring (March, April, May)
Summer (June, July, August)

Deadline for submission to each issue is listed for the month previous to publication:

*August 15th for the Fall issue
November 10th for the Winter issue
February 10th for the Spring issue
May 15th for the Summer issue.*

Send submissions to: cvwrails@charter.net

Waybill Advertising

At the last Board of Director's meeting, the MWR Board approved the submission of advertising for placement in the Waybill.

Effective June 1st, advertising will be accepted for placement starting in the Fall 2004 Waybill. The deadlines for camera ready ads will be the same as the copy deadlines stated above, (*please submit by e-mail if possible in MS Word format*). If you need ad composition, please contact the Waybill editor. Railroad related advertising only will be accepted for publication.

Advertising rates/year are as follow:

Full page	\$100.00
Half page	75.00
Quarter page	50.00
Business Card size	25.00

It's Regional Board Election Time again!

Following are the photos and bios of the 2005 election candidates in the order that they appear on the ballot.

Gary E. Children – Candidate for position of President of Midwest Region of NMRA. My name is Gary E. Children and I'd like to tell you a little about myself. I am a married 62 year old S Scaler and life member of the NMRA since 1964. I've been active in the region since 1989. I have been a DAL for about eight years, a Model Contest Chairman, and am finishing up my second term as Midwest Region Vice President. I am also a BOD Member, Boy Scout Merit Chairman for railroading and Assistant Membership Chairman in the WISE

Division. I have done clinics at the division, regional and national levels.

I believe in having fun in model railroading and meeting new people. I also believe that there is always room to learn more in this hobby. Everyone has a little different way of doing things. We are blessed in the region with the layouts, good clinics and strong divisions to help the members. In some areas it is hard to get people together for a division meet, but people in those areas do the best they can; it's what model railroading is about. If there are only five or six people together sharing a common interest and ideas in the hobby, it works well. That's what the NMRA is all about.

There have been many changes in the region since 1989. I work with a group of good people, DALs and presidents. Our last president got our newsletter, *The Waybill*, out in a timely manner with an editor that holds to a timetable, so the region's membership knows what is going on. Work is going on to get 501©3 for nonprofit with the IRS. This will help us in the way we work. The long-term plan that was voted on by the NMRA membership hopes it works to make things easier between the regions and national.

With the help of DALs, past presidents and a good secretary, I hope to keep improving the region. The region is not the work of one person, but a group of people working together to improve and get a lot done within the region and bring it to the next level. If you have an idea or complaint, bring it up to the board. Also, bring some ideas on how to fix any problems. With

support, as your president, we can work together, division to region.

One of the things that I got to do at the WISE Division's Trainfest is to bring the Boy Scout Merit Badge Switching Game. This is for the next generation of model railroaders to learn how to handle a transformer and move engines and cars around to the right place on the board. Those that did well got a car kit or a Walthers train catalog. This generated a lot of interest and a lot of the parents said that this is something the entire family can do together. I was thanked more than once for this little step that will start young kids on their way to model railroading. It was fun to see the kids, the future generation of model railroaders, moving cars around a small layout. I got asked a lot of questions on the switching layout, especially on the complexity of doing a switch layout. This is where I got to hand out a lot of information on the switching layout, which is relatively easy to make, as well as information on the region. The best feeling is knowing that the entire family can be part of model railroading and that they can do it together.

I am happy to see we have some people running for offices in the region. When you receive your ballot in the mail, please vote. This election is very important so we can keep improving the region.

Thank you,

Gary E. Children
Candidate for President of the Midwest
Region of the NMRA

Reid Kahrs - I joined the NMRA after the attending the 1985 convention held in Milwaukee. During the past 15 years, I have been a WISE Division board member serving as assistant superintendent (five years) and superintendent (four years). The last four years I have been the WISE Division chief clerk and also a delegate-at-large for the Midwest Region. My term as DAL will end in April, 2005. I was the chairman for the 2004 region convention, Milwaukee Express, and am currently serving as the NMRA Midwest region trustee with that term expiring in June. I am a member of the Milwaukee Road Historical Association and belong to Operations SIG.

My wife, Chip, and I usually attend region conventions, and enjoy getting together with fellow model railroaders and their spouses in the area. We also have attended many NMRA national conventions throughout the past 15 years or so. These travels have taken us all over the US, and while seeing the country, we have also seen a variety of modeling ideas and met some wonderful people.

For 37 years I was employed by the City of Milwaukee as a civil engineering Technician. My retirement from the City took place in March of 2000. Since retirement from the City I have been employed by "Making the Grade, Inc.", a company that does construction layout. My wife and I lived in the City of Milwaukee until I retired and now live in Colgate, Wisconsin. During the years since moving here I have been preparing the basement for my layout. A big plus in my current job is that I don't work during the wonderful Wisconsin winter which gives me four months during which I can work on my railroad full time. I have been operating on three home layouts during the past 8 to 10 years until I can get my own layout running.

In the past I was an officer of a State-wide bowling tournament. I was the Secretary-Treasurer for 6 years, and scheduled the bowling, and collected and distributed all the money involved with the tournament. I served as an officer for another 6 years until I became President. I am also an avid auto race fan, enjoying watching and attending races. Another past time of mine is playing tennis two to three times a week. My wife and I have 5 grown children and 4 grandchildren with whom we enjoy spending time.

⊗

My name is **Randy Williamson** and I am running for vice-president of the Midwest Region. I have been an NMRA member for 20 years and a life member for 12 years. I have been involved with the Winnebago Division for 19 years, serving various

positions up to and including Superintendent.

Currently I am Midwest Region Internet Committee Chairman and Winnebago Division webmaster. My wife and I are building a HO scale layout, freelanced Pennsy with a logging line.

⊗

Joel Lebovitz – (No bio submitted)

⊗

Bill Litkenhous

I joined the NMRA in 1961 and have been a continuous member since. I am a life

member of both the Region and the National organization. I joined a model railroad group in Bloomington, IN some time ago and that is how I became interested in the Central Indiana Division. The C.I. D. asked if we would host a train show in Bloomington and I became the co-chairman of that show. The next year I became the chairman of the second of five shows we did in Bloomington. However, that group lost its location and we sort disbanded.

While we were doing these shows I became a part of the C.I.D. board and have progressed through the ranks to become Superintendent. Since becoming involved in the C.I.D., I have served as superintendent and am now the Immediate Past Superintendent. I am the chairman of the Layout Tour Committee and the Election Committee. I have been active on committees for hosting the Regional Conventions at Anderson and Noblesville, IN. I am also the chairman of the committee for the joint Kiwanis Club/C.I.D. train shows at Bedford. I have done this for 8 years now and have the 2004 show already in preparation.

I am active in the Salem, Indiana Depot museum helping to build an operating HO layout depicting the Monon Railroad in the Washington County area. I recently started my latest model railroad, The Bedford Industrial Railroad, a small switching layout to keep me occupied while I am planning my ultimate layout.

I am retired from the Powertrain group of General Motors Corporation after nearly 37 years of service.

⊗

Bob Lehen – (No bio submitted)

⊗

Lynn Jasch - I joined the NMRA in 2001 and have been active in the Winnebagoland Division where I am currently on the Board of Directors and Convention Chairman. I was also on the committee for the 2003 Spring Region Convention, TitleTown Express, in Green Bay.

At this time I am a member of the Wisconsin Michigan Model Railroad Club, Soo Line Historical & Technical Society and the Chicago & Northwestern Historical Society.

The one thing I am most noted for in the Region is making cookies, for those that know me I am the Cookie Lady.

⊗

Barb Rothwell (Incumbent) – I have been an active member with the SCWD, (and the region), serving as a past and present editor of the Divisions' publication (the "BAD

ORDER”), served 3 terms as SCWD Photo Contest Chair, worked on the past three SCWD roster/directories, served as Chair of the Rail School, and volunteered at the SCWD Rail Shows, and Swap Meets.

I’ve served as assistant Superintendent, taking over the reins as Superintendent in mid-year. I’ve also served as the Inside Committee Co-Chair for the 1997 NMRA National Convention.

I have always loved trains, whether they were the real things, or models. I never miss an opportunity to watch or ride trains, not to mention working on, or operating on layouts.

One of the best things about modeling is the ability to share the techniques and things I’ve learned about modeling with other modelers. I hope that you’ll be able to check out our layout when it’s open at the regional convention this April. Even if you’ve seen it before, there are a lot of new structures, scenery and track changes.

I’m currently a Director at Large for the MWR, working on the Youth Committee, MW Regional Waybill Editor, and I also chair the Publications Committee.

As this year’s Chair for the Lake Junction 2005 MWR convention I hope you’ll come to the convention, and also cast a vote for me to continue serving the MWR. Thank you.

⊗

HighWheeler ‘05

The Fox Valley Division presents its annual Model Railroad Show --HighWheeler '05.

The show will be held March 5 and 6 at Harper College, Palatine, I, in the Wellness and Sports Center. The college is located at the corner of Algonquin and Roselle Roads.

The times are 9 A.M to 5 P.M both Saturday and Sunday. The show will feature Modular Railroads, Manufacturers, and Hobby Shops. Also represented will be Museums and Historical Societies.

There will be Door Prizes and a Snack Bar.

Donation:

Adults - \$7.00

Children: 5 thru 12 - \$4.00. Under 5: Free.

There is plenty of free parking.

We hope to see many of our fellow MWR members at the Show.

For further information contact:

Supt. Rich Sweet

Lake Junction 2005 Convention Highlights

We hope that the previous two pages have piqued your interest in the Lake Junction 2005 regional convention.

In addition, I know that a lot of you have asked questions about who's layout(s) will be open during the convention, so we're including the list (without descriptions – due to space limitations), of what's going to be open. Most layouts are open both days, but you'll need to check your information packet when you arrive at the convention to know exactly who is open, when.

We hope that you will enjoy what we have planned and if you haven't already made your registration, you will do so soon, especially if you want to operate on a layout on Friday night, as the slots are filling up fast.

Don't miss the layouts! (Listing to the right of photo.)
